Inside the Roma Aurelia Antica Hotel's hall, great success for the light contact gala organized by WMAC Italy and FIKM-CISCAM International. The competition take Place after the 28th International Stage of Krav maga, and It was a real show of kickboxing light, with fights and exhibitions of fighters of high technical level! Clou of the gala, the official defense of the European Pro AM Title in light contact, between Sergio de Marchi from Italy (champion both for WMAC and CISCAM) and the Challenger chosen by CISCAM, Marius Pirlea Valentin from Moldova. The match was spectacular and fair; at the end of round two, Pirlea's corner decided to stop the fight because of some clean shots of de Marchi that have put in serious difficulty the Challenger. So Sergio de Marchi was the clear winner of the fight, without protests and with the applause of all the hotel hall's audience.
